

DIY PORTABLE INDUSTRIAL COLOR POP CHANDELIERS

COVER ONE SET OF LIGHTS FOR ALL OCCASIONS BRAND STRING LIGHT BULBS WITH STRIPS OF TORN PAINTER'S TAPE. SCREW THEM ONTO THE FIRST STRAND OF STRING LIGHTS.

COAT THE STRAND WITH MONTANTA BRAND SPRAY PAINT. LET DRY AND REMOVE THE BULBS. REPEAT WITH A DIFFERENT STRAND OF LIGHTS AND NEW PAINT COLOR. REUSE THE TAPED BULBS.

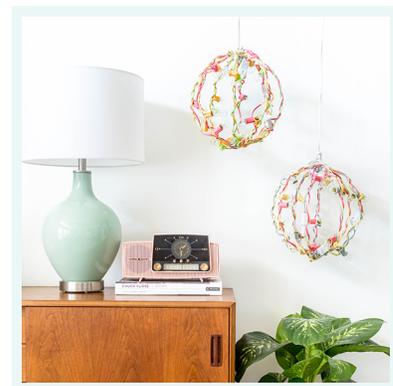

ASSEMBLE A 12" WIRE FOLDING BALL, AND WRAP THE PAINTED STRANDS OF LIGHTS AROUND THE METAL ARMS OF THE BALL UNTIL THEY COVER THE FORM COMPLETELY.

SCREW CLEAN BULBS ONTO THE STRANDS. PLUG THE LAST STRAND OF LIGHTS INTO A 15' EXTENSION CORD. CREATE A LOOP AT THIS END OF THE CORD (OPPOSITE THE PRONGED END) AND PUSH IT THROUGH THE RING AT THE TOP OF THE WIRE BALL.

PULL THE PRONGED END OF THE CORD THROUGH THE LOOP YOU CREATED IN THE EXTENSION CORD AT THE TOP OF THE WIRE BALL, AND PULL THE SLACK THROUGH TO CREATE A SNUG KNOT.

REPEAT WITH AS MANY COLORFUL PAINTED STRING LIGHT STRANDS AND WIRE BALLS AS YOU LIKE, AND THEN HANG YOUR COMPLETED CHANDELIERS FROM HOOKS. PLUG THEM IN AND ENJOY!
